Member Name	Date

FOR CO-OP USE ONLY:
Rebate \$ Paid to Member
\$ Req. for Reimbursement

TERMS AND CONDITIONS

NOTE: Copy of contractor's itemized invoice must be included with this form.

* Only one rebate submission is allowed per home.

Project Eligibility

- * Projects must be completed between January 1 and December 31. Program application must be submitted to the participating Ohio electric cooperative by no later than December 31.
- * All qualifying insulation and air sealing upgrades must be installed in an electrically heated residential home which receives its electric power from a participating Ohio electric cooperative (that receives power for this facility from Buckeye Power) and meet all other requirements of this program.
- * Applicants must own the residence and be the homeowner of record. Only one rebate is permitted per residence.
- * All projects must be a retrofit installation in an existing residential home. Program is not applicable for new construction or room/home additions or expansions.
- * Rebate is for attic or exterior wall insulation or air sealing upgrades only. Installations that are NOT ELIGIBLE for a rebate include the following: new construction, new residential additions, garages, sheds, workshops, insulating doors, sound proofing applications.
- * For insulation rebate, contractor must follow ENERGY STAR guidelines and achieve minimum R-20 for walls, R-38 for attic and/or R-6 for duct insulation.
- * Insulation and air sealing upgrades must be installed by a licensed contractor. Do-it-yourself insulation and air sealing upgrade projects are not eligible for this rebate.
- * All projects must comply with applicable federal, state and local laws and building codes.

Documentation

- * A blower door test is required for all air sealing projects. Final test results after air sealing upgrade must achieve < 4,000 CFM50 to be eligible for rebate.
- * All applications must be complete and include an itemized contractor invoice in order to be considered. Incomplete applications will not be processed.

Installation Verification

The Cooperative reserves the right to inspect member home for installation of materials listed on this application to verify that installation meets program guidelines.

Disclaimers

Paulding Putnam Electric Cooperative does not guarantee energy savings and does not make any warranties associated with the measures eligible for incentives under this program. Cooperative does not endorse any particular manufacturer, contractor, product, labor or system design by offering this program and will not be responsible for any tax liability imposed on the member as a result of the payment of incentives, does not expressly or implicitly warrant the performance of installed materials or contractor's quality of work. (Contact your contractor for detailed warranties.) Cooperative is not responsible for the proper disposal/recycling of any waste generated as a result of this project, is not liable for any damage caused by the installation of the materials or for any damage caused by the malfunction of the installed materials.
